

1	Identification of the preparation and the supplying Company	No-Stat Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA. Tel: +44 (0)1924 268450 Fax: (0)1924 265033 Email: technical@Killgerm.com	
2	Composition and information on ingredients	Cationic surfactant IMS Perfume/water	25.0%w/v 5%w/v (CAS no. 64.17.5. R11_Highly Flammable. R20/22- Harmful by inhalation and if swallowed. To 100%
3	Hazards identification	Xi. R36/38 Irritating to eyes and skin.	
4	First Aid measures	Ingestion: Inhalation: Skin contact: Eye contact: Advice to doctor:	Wash out mouth with water. Give a little water to drink. Get medical advice. Move to fresh air. Wash with water. Apply a moisturiser. Irrigate with water for 10 minutes. Avoid run-off contaminating mouth. Remove contaminated clothing. Get medical advice if irritation develops. Contains a cationic surfactant and ethanol.
5	Fire-fighting measures	Extinguishers:	Use water spray, foam or dry powder fire extinguishers. Toxic fumes would be evolved in a fire. Self-contained breathing apparatus should be worn by fire fighters.
6	Accidental release measures	Spillage (containment and disposal):	Surround and absorb in sand, earth or proprietary product. Shovel into marked container and dispose of via a waste disposal contractor or contact supplier for advice.
7	Handling and storage	Precautions in use: Storage and transport precautions:	Wash skin and eye splashes with water. Wear PVC gloves if hand contact is unavoidable. Wipe over mild steel metal parts wetted by the spray with a dry cloth. Consider use of a respirator when working in confined spaces, where "bounce-back" from sprayed surfaces is significant, where the lower product dilution rate is being used, or in other cases where exposure to spray is likely. Store containers upright in a cool, safe place.
8	Exposure controls and personal protection	PPE Item	In Use Spillage
		Respirator	If required half mask respirator to EN 140 plus P class filter to EN 143 to required (nominal) protection factor (minimum). If required half mask respirator to EN 140 plus P class filter to EN 143 to required (nominal) protection factor (minimum).
		Gloves	Unlined/Flock lined, synthetic rubber/PVC to EN374. (300mm in length) e.g. Nitrile. Unlined/Flock lined, synthetic rubber/PVC to EN374. (300mm in length) e.g. Nitrile.
		Overall Goggles/ Face shield	Coverall Type 5/6. Face shield to EN 166 3F.
9	Physical and chemical properties	Appearance: pH: Flash point: Flammability: Bulk density: Solubility: Odour: Incompatibility:	Very pale straw coloured, clear liquid. 7.8 67°C Will not burn or support fire at ambient temperature (up to 20°C). 0.992 Soluble in water. Lavender. Deactivated by contact with anionic agent.
10	Stability and reactivity	Not a reactive preparation.	
11	Toxicological information	Routes of entry/symptoms of contact: Inhalation: Skin and eyes: Ingestion:	Excessive inhalation may cause nausea and irritation to mouth and throat. If handled regularly without protection, could cause skin sensitisation and dermatitis. Product would cause eye irritation. Irritating to stomach and gastro-intestinal tract.
12	Ecological information	Harmful to fish. Do not contaminate ponds, waterways or ditches with the chemical or used container.	
13	Disposal considerations	Empty containers: Unused/recovered materials: Contaminated PPE:	Empty completely and rinse out with water. Dispose of as below. Consolidate and dispose of as "controlled" waste. Contact local authority or supplier for advice.
14	Transport information	Not classified for transport.	
15	Regulatory information	Contains QAC and industrial methylated spirits Xi R36/38 Irritating to eyes and skin. S7 - Keep container tightly closed. S26 - In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S28 - After contact with skin, wash immediately with plenty of water. S36/37 - Wear suitable protective clothing and gloves. Refer to other relevant measures such as Health & Safety at Work etc. Act and the COSHH regulations. The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation.	
16	Other information	Use only in accordance with label instructions. This data sheet has been prepared according to the requirement of Chemicals (Hazard Information and Packaging for Supply) Regulations 2002 (CHIP3).
